Sleep and attentive-executive functioning: evidence from an experimental study. In recent years, the relation between sleep and cognitive functioning has been widely discussed. Among studies investigating sleep-related executive deficits, only few studies have applied experimental methods, in order to attribute specific mechanisms to cognitive performance. Thus, the present study compared performance in an

Dirk Nowitzki just provided Dallas fans with an innocent reason for the Mavericks' trade deadline woes: He says they are just buying him time. "We're going to have to wait [before getting more help]," Nowitzki said, per ESPN Dallas' Tim MacMahon. "But if we get the right piece, we'll be a better team. That's just a fact. If you're not playing well, you're going to be a team with a bunch of dead weight. Everyone's going to be trying to deal with that and not playing well. It's going to be a mess." [Watch Game 3, Sunday, 4:30 p.m. ET on NBA League Pass] The Mavericks will receive Marcus Smart and the Oklahoma City Thunder's top-10 protected first-round pick in the deal, according to reports. Nowitzki has been dealing with a nagging ankle injury that has affected his play. Still, his \$21.7 million player option for next season makes him an attractive trade asset. If the Mavericks don't trade him, they can buy out his option, leaving them \$5.1 million under the salary cap, according to ESPN Stats & Info.
